

AN INVITATION TO SUPPLIERS SELLING TO THE FIRE SPRINKLER INDUSTRY...

NATIONAL FIRE SPRINKLER ASSOCIATION ANNUAL SEMINAR & 3rd BIENNIAL NORTH AMERICAN FIRE SPRINKLER EXPO™ RED ROCK RESORT, LAS VEGAS - MAY 3-6, 2017 (EXPO: 5/4-5)

BET ON A SURE THING!

Join us as 3 associations convene jointly, representing the fire sprinkler industry across the North American Continent.

FOCUS ON THE MARKET

The National Fire Sprinkler Association's 109th Annual Seminar reaches a new level of international partnerships, conference planning & record attendance! Suppliers and manufacturers will meet, one-on-one, the movers and shakers of the fire sprinkler industry...including fire sprinkler contractors, designers, architects, engineers, building, fire and insurance officials and other professionals...searching for the latest technology, products and services.

NFSA

A U.S. based trade association established in 1905, the *National Fire Sprinkler Association* is comprised of installers and manufacturers of automatic fire sprinklers, related equipment and services. **NFSA** is the voice of the fire sprinkler industry, whose members collectively install approximately 65% of fire sprinkler contracts nationwide as part of a lucrative multi-billion dollar market. **NFSA** leads the drive to install life-saving fire sprinklers into all buildings; provides support and resources for its members and educates authorities having jurisdiction of fire control matters. Headquartered in Linthicum Heights, MD, **NFSA** has regional operations office throughout the country. www.nfsa.org

CASA

The *Canadian Automatic Sprinkler Association* was incorporated under a Dominion Charter in 1961. **CASA** promotes, defends, enhances and improves the business of installing and manufacturing fire sprinkler devices and systems. The Association works closely with fire and building officials, architects and others "To enhance the level of life safety and property conservation from the effects of fire through the use of fire sprinklers." www.casa-firesprinkler.org

AMRACI

The *Asociación Mexicana de Rociadores Automáticos Contra Incendio* was formed on February 8, 2012. This association's purpose is to promote the knowledge and proper use of fire sprinkler systems throughout Mexico. **AMRACI** is well-positioned to serve as a vehicle for introducing suppliers to a largely untapped market of installing fire sprinklers in buildings throughout Mexico. www.amraci.org
